EDUCATION

2022

Siena International School on Sustainable Development | Siena

Siena International School on Sustainable Development is organized by Santa Chiara Lab – University of Siena, ASviS - Italian Alliance for Sustainable Development and UN SDSN - Sustainable Development Solutions Network, powered by Enel Foundation. The School is supported by RUS - Rete delle Università per lo Sviluppo Sostenibile and SDSN Europe. With the aim of helping to propose solutions to the climate crisis, the School will focus on the process of reducing climate-altering emissions, discussing the opportunities, solutions and implications of the decarbonisation process for our society and businesses, particularly in the production sectors of energy, food and industry.
